

## Web Alternatives

If you don't want to (or can't) install these compilers, web alternatives of these three are available here:

### For haskell and python

Haskell and python are available in [repl.it](https://repl.it). Create an account to save your code in their repository.

- <https://repl.it/>

### For prolog

SWI-Prolog is available in [swish](https://swish.swi-prolog.org/)
